King – Vaughan Riding Association rises from PC ashes Bringing many members with them

You are invited to attend the announcement being held on January 22nd 8:30 pm at the Joseph & Wolf Lebovic Jewish Community Campus, 9600 Bathurst St, Maple, ON L6A 3Z8

The Trillium Party of Ontario is excited to announce another opposition riding association is almost in its entirety supporting the Trillium Party of Ontario.

24 former **PC DIRECTORS** will be forming the new King – Vaughan Trillium Riding Association. This has come on the heels of accusations of unconstitutional interference by the Party Executive in the nomination process to elect a PC candidate for the riding of King – Vaughan earlier in the fall.

There have even been rumours that the PC executive under the Leadership of Patrick Brown has dissolved the King Vaughan PC Directors and replaced them with his more favoured followers. However even this has not been confirmed by the PC Party to its local directors. This decision follows closely on the decision of the PC riding association to set aside funds to legally challenge the Party regarding the nomination process.

“I’m certainly not impressed by the professed grass roots and democracy in King – Vaughan, if the rules don’t let them get what they want the PC’s simply make up new rules. That’s how bullies have always worked Same Old...Same Old ” says Mr. Yaciuk Leader of the Trillium Party.

Roman Evtukh President (or former President... as no official word has been sent out by the party) of the K-V PC riding Assoc. says **“So much for having freedom of speech within the PC’s. If you disagree with something the PC Executive do, even if it’s against the Constitutional Playbook they say you’re not a Team Player and Punish you” - “ My parents taught me to stand up for what I believe in and I would rather fight a flawed system than be a yes man toady to a Bully”.**

As of this date there are slightly **over 600 former members of the King Vaughan PC Riding Association who are “crossing the floor” to the Trillium Party of Ontario.**

Mr. Yaciuk states “I am extremely proud to see people look towards the Trillium Party of Ontario to be that refuge in an increasingly cynical view to politics in Ontario. **We are Something Different – Something Better”**
